

As Carl Winchester, Minnie Stannard and Theda Wellman were driving on the Kimptonville road last Saturday, they were overtaken by a runaway team, attached to a pair of traverse sleds, and narrowly escaped being run over. Carl urged his horse into a run, and the girls belabored the approaching horses over the head with the whip until the sharp turn by John Braham's was reached, when the sleigh capsize and threw them all into the ditch; this opened the road for the runaways, and they passed on without doing any serious damage. The young people were much frightened, and it was with a very close shave.
